

# KPL-24 Electric Powered Grease Lubricator

The KPL-24 is an electrically powered grease lubricator specifically designed for use on heavy construction equipment.

Cut your maintenance budget in half! With a KPL-24, manual lubrication is a breeze.

Reliability is paramount! The KPL-24 has over 20 years of proven field service.

24-volt DC electric connection means no tapping hydraulic or pneumatic lines. Hassle free installation!

Versatile! The KPL-24 can be utilized as a stand alone or a Centralized Lubrication System (CLS).

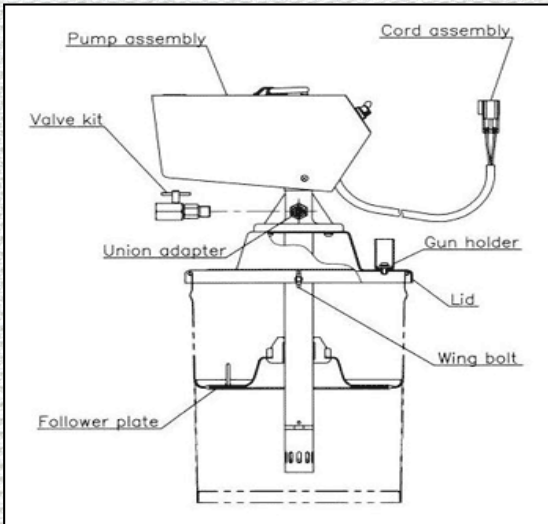

Featured as the lubrication system of choice on most heavy construction equipment!!

### Applications

- Construction Equipment
- Mining Equipment
- Wind Turbines

**Call (888) 488-9783**

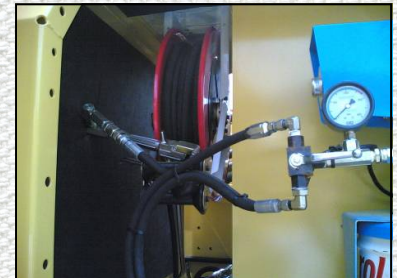

## KPL-24

### Features

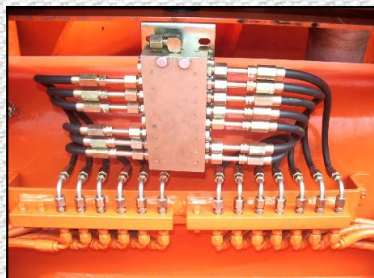

- High discharge pressure - 4061 psi max.
- Engineered specifically for 5 gallon grease pail. The revolutionary design of the follower plate will empty the container completely.
- 24-volt DC operation. No need to worry about particulate in your hydraulic lines or air consumption.
- Tried and True!! The KPL-24 is both sturdy and reliable.

Rating	Continuous Rating	30 Minute Rating
Discharge Volume	80 - 120 grams/min	70 - 80 grams/min
Discharge Pressure	0 - 3480 psi	3480 - 4061 psi
Max. Discharge Pressure	4061 psi (30 minute rating)	
Revolution per hour	95 - 108 rpm	
Power Supply	24 V DC, 100 - 130 W/2.0 - 7.5 A	
Vibration Resistance	4 G	
Applicable Grease	NLGI No. 0 - 2	
Applicable Temperature	14°F - 104°F	
Weight	26 lbs	

Mount it on a truck with hose reel and gun for manual lubrication.

The KPL-24 may also be used in conjunction with a distribution box and a timer for automatic lubrication.
