pumping power

## 3 NEW MODELS

Electric submersible sewage pumps

## NEW MODELS FOR THE K + Energy SERIES

The K+ Energy range is now wider thanks to three **new models with F and H sized electric motors.**

- **Curves** match the **most requested duty points**
- **Higher efficiency**
- **Available** both in **standard** and **explosion-proof** execution

**A KCW080H**

orders from

**June 2022**

**B KCM080F**

orders from

**October 2022**

**C KCM065H**

orders from

**October 2022**

The best pump in the world of wastewater, thanks to the **IE3 energy efficiency class, anti-clogging and DRYWET systems**, is constantly evolving and increasingly competitive.
